See Federal Rule of Civil Procedure 5.2.

## I. BASIS FOR JURISDICTION

Federal courts are courts of limited jurisdiction (limited power). Generally, only two types of cases can be heard in federal court: cases involving a federal question and cases involving diversity of citizenship of the parties. Under 28 U.S.C. § 1331, a case arising under the United States Constitution or federal laws or treaties is a federal question case. Under 28 U.S.C. § 1332, a case in which a citizen of one State sues a citizen of another State or nation, and the amount in controversy is more than \$75,000, is a diversity case. In a diversity case, no defendant may be a citizen of the same State as any plaintiff.

## Complaint

## **Mental Hygiene Legal Services, Et AL.**

## Defendants

x

**Southern District of New York**

The Honorable \_\_\_\_\_ USDJ

The defendants illegally withheld Vivian Hill's medical records starting in 2017—(denying HIPAA and Patient Rights petitions). They concealed their wrongdoing and **Obstructed Justice.**

These defendants maliciously **denied discovery** and prohibited Vivian an agent's support and legal document rights)—violating New York State and Federal Laws. It precluded an adequate defense, getting able counsel, and prevented proper medical treatment and monitoring—adversely affecting Plaintiff's health and welfare.

- *Vivian Hill got discriminated against and (retaliated) by the defendants for filing written complaints and seeking justice from racial discrimination based upon her being Afro-American, elderly, and partially disabled.*
- *The defendants assigned people to make fabricated petitions and misrepresented the usage and the legal statutes.*
- *The defendant's petitioners didn't establish (a good/valid clinical or legal relationship) and never met the Plaintiff in many instances.*
- *The petitioners/signers of affidavits did not fulfill their obligations to testify in person. No doctor accuser testified in court; therefore (AOT)s were wrongfully obtained.*
- *At other times, attorneys amongst the defendants fraudulently alleged to represent Plaintiff without her permission—to the detriment and benefit of her adversaries.*

### **Corruption**

- **Likewise sinister, the defendants conspired together, holding unethical meetings between the Mount Sinai Hospital attorney, the Bridge Inc., plus New York State and New York City lawyers (who, by law, were supposed to monitor the other defendants). Instead, there was a racketeer/gang-up with them, plotting to harm Vivian Hill.**

- **The defendants E-mailed themselves (as evidence shows) and had conferences on *coordinating efforts against the Plaintiff's lawsuit that seeks to free herself of the defendant's tyranny.***
- **Each defendant would rotate to file separate petitions annually (for the same relief)—to circumvent New York State's one-year time limitations.**
- **The defendants conspired to circumvent the Patient Bill of Rights Law mandates—to place Vivian Hill for indefinite detentions/supervisions/ custody violating Habits Corpus Federal law.**
- **Defendant's repeated medical/malpractice failures do not warrant a right to continue the same course of action. Instead, they blame the victim. If only Plaintiff did XYZ (What the Defendants did to Plaintiff would not have resulted in failures) is their mantra.**

### **Causes of Action**

Justice matters! During the defendant's malpractices and physical attacks, the defendants caused Vivian Hill to be permanently injured, with pain and suffering. They slandered and defamed, did perjury and fraud, falsely imprisonment, and deprived her of Patient Rights. They denied her HIPAA-requested medical records and deprived the Empire Blue Cross Blue Shield Company of clinical information to assess insurance coverages. They injected Vivian Hill with medications and **(COVID-vaccine)** against Plaintiff's objections and discriminated against Plaintiff based upon her Afro-American

race, elderly age, and disability. They likewise violated Plaintiff's Fourth Amendment Rights.

---

The complaint plus Plaintiff's OSC evidence) is undisputed proof the defendants: Illegally met together and conspired to entrap Plaintiff, keep her in indefinite bondage, did perjuries and frauds to keep the scam going- to get AOTs renewals.

---

---

**Frauds—Human Bandage Levies and Raids  
(Akin to imposing and enforcing "Slavery").**

- The defendants created their laws—violating those of New York State (they quoted) to justify their actions.
- The defendants and their allies used fear, intimidation, and coopted authorities to get Vivian Hill's home broken into - and she took to hospitals, without proof, upon the whims, and mere requests, of her adversaries. All the accuser had to do was (allege she was not cooperating with AOT)—**such as not attending a meeting.**
- It could be a second or third hand, or even unidentified person—to a source allegedly the non-for-profit defendant company. At which point, they got the raid request unethically cosigned by the collaborator defendant.
- Such is (not) a legal basis to have someone transported to a hospital. Only if the person had medical reasons for transport is the legal basis in New York State law.

- The doctors at a hospital are to make independent determinations.
- However, hospital release determinations got made between and with several outsides of hospital adversaries bias against Plaintiff.
- The release determinations got predicated upon compliance to Carte Blanche's - ~~varied treatments of another agency that conflicted with what got done at the~~ hospital. Consequently, the defendants created independent expectations and treatments from several sources (they expected Plaintiff to fulfill at the same time) calamities.

Plus, Plaintiff, suffering over the past five years, their attacks upon her home, and she got physically assaulted by two defendant/allied employees, now sues the defendants for ten million dollars.

An amended complaint is to follow up on the appointment of Plaintiff's attorney.

Respectfully,

Vivian Hill
